Make Your Own Paper Misty!
(You may need an adult's help.)

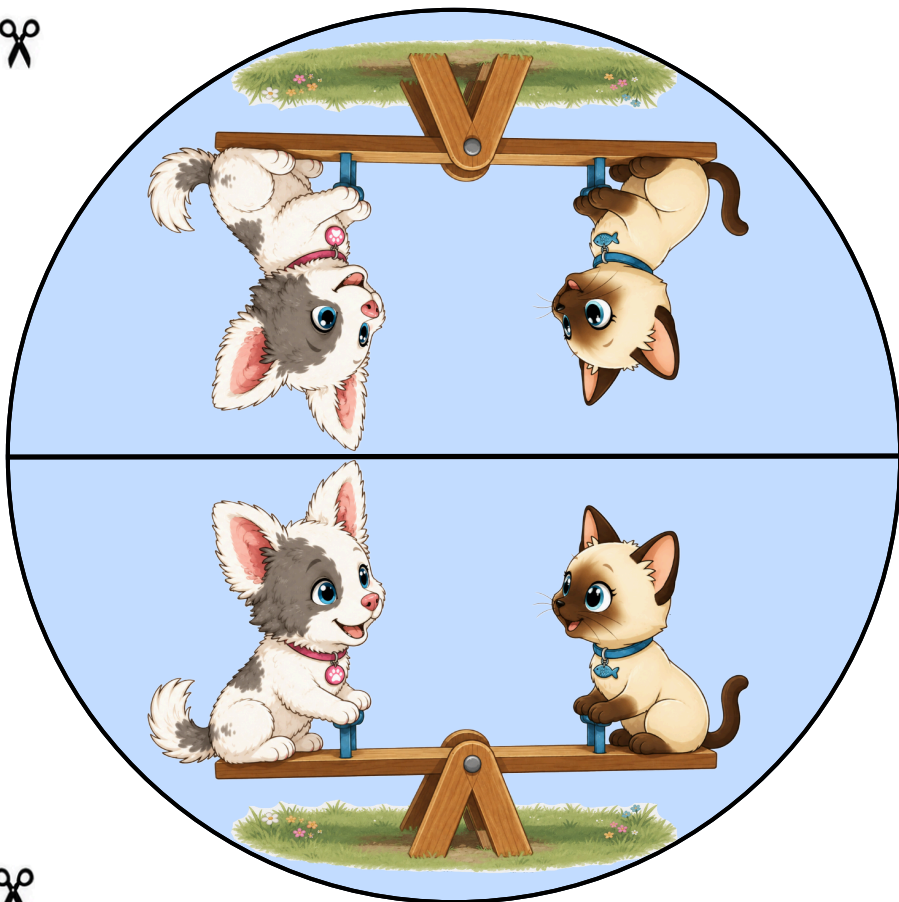

1. Cut out Misty and her tail.
2. Fold along the dotted lines and shape Misty using the picture above as a guide.
3. Glue the pieces together.
4. Bend the tail and glue it to the body.

Now your paper Misty is ready!
Have fun!

1. ✂

2. ✂

Misty hopes you enjoyed the adventure. To remember her, Misty has collected some photos from your adventure. Do you remember them?

Cut out the camera! Then, carefully cut along the two green dotted lines to make two slots! Cut out the photo strip and slide it through the slots in the camera!

As you pull the strip, different photos from your adventure will appear on the camera screen!
